

EMSID Program of Projects

A Service of Nashville MTA

Enhanced Mobility of Seniors and Individuals with Disabilities (5310)

Enhanced Mobility of Seniors and Individuals with Disabilities (5310) is a formula assistance program for the special needs of elderly individuals and individuals with disabilities. This grant seeks to reduce barriers to transportation services and expand the transportation mobility options available to people with disabilities beyond the requirements of the Americans with Disabilities Act of 1990. This grant authorizes funding for public transportation capital projects planned, designed and carried out to meet the special needs of elderly individuals and individuals with disabilities.

The Program of Projects (POP) identifies the sub-recipients and projects for which the designated recipient is applying for financial assistance. This POP was submitted to the Federal Transit Administration (FTA) for approval of Enhanced Mobility of Seniors and Individuals with Disabilities projects in the Nashville MPO urbanized area. This POP includes a brief description, total projects costs and Federal share for each project, and the amount of funds required for planning and program administration.

Agency Description: Since 1971, Progress has provided services to bridge the gap between limited independence and the realization of the best possible life. A significant component of these supports is transportation. Progress provides transportation for people with disabilities and seniors. Regular services provided include: driving seniors to doctors' appointments and to pick up prescriptions; driving clients with intellectual disabilities to community based day programs or employment; driving clients to volunteer opportunities; and driving children with intellectual disabilities to activities during the summer. Progress services 76 people with intellectual disabilities through day services programs (center and community based), 61 people with intellectual disabilities through residential services, and 69 seniors through a variety of services.

Project Description: Progress Inc. will utilize the funds to replace two minivans and offset transportation program costs.
