Enhanced Mobility of Seniors and Individuals with Disabilities (5310)

Enhanced Mobility of Seniors and Individuals with Disabilities (5310) is a formula assistance program for the special needs of elderly individuals and individuals with disabilities. This grant seeks to reduce barriers to transportation services and expand the transportation mobility options available to people with disabilities beyond the requirements of the Americans with Disabilities Act of 1990. This grant authorizes funding for public transportation capital projects planned, designed and carried out to meet the special needs of elderly individuals and individuals with disabilities.

The Program of Projects (POP) identifies the sub-recipients and projects for which the designated recipient is applying for financial assistance. This POP was submitted to the Federal Transit Administration (FTA) for approval of Enhanced Mobility of Seniors and Individuals with Disabilities projects in the Nashville MPO urbanized area. This POP includes a brief description, total projects costs and Federal share for each project, and the amount of funds required for planning and program administration.
